2018 Grow With Me Puppy Packages

You have a new puppy - congratulations! Whether you have adopted from a shelter or done thorough research and found the pup of your dreams from a reputable breeder, you will want to capture their milestones as they grow.

Unfortunately, many people will choose to document puppyhood with just their cell phone cameras and then, in the blink of an eye, they have an adult dog and nothing but fuzzy, low resolution photos to look back on - and you can't reclaim that time in your pet's life! There are no do-overs - once your puppy has morphed from that bundle of fur into adulthood, the opportunity is forever lost.

Having raised canine companions from newborn puppies through 16 and 17 years old, I so appreciate pet parents who recognize the importance of preserving memories, and want to properly document this beginning stage in their furry companions' journey. And because of this, I now offer discounts on "Grow with Me" sessions and products. Please review the offerings on Page 2 and if you have any questions or would like to register your puppy for a Grow with Me opportunity, please get in touch.

2018 Grow With Me - #1

INCLUDES: One-hour introductory session. The puppy will be the primary focus of the session, but I will certainly encourage you, the pet parents, to participate in a few photos! Second shoot at one year of age OR around the one-year adoption anniversary. From each session, you will receive a \$50 mounted print credit to be applied at the time of your order. Standard ordering minimum applies.

RECAP: Two sessions, \$100 in mounted print credits | \$300 prepaid at the time of the first session.

2018 Grow With Me - #2

INCLUDES: One-hour introductory session. The puppy will be the primary focus of the session, but I will certainly encourage you, the pet parents, to participate in a few photos! Second shoot at one year of age OR around the one-year adoption anniversary and a third shoot within a year. At that time, your puppy will be an adult! From each session, you will receive a \$70 mounted print credit to be applied at the time of your order. Standard ordering minimum applies.

RECAP: Three sessions, \$210 in mounted print credits | \$450 prepaid at the time of the first session

Families participating in the puppy program will receive additional perks for future sessions and product discounts as well! Even if you choose not to register for this opportunity, please be sure to have photos of and with your puppy while they are still puppies! I promise you won't regret it.
